Public Art Consultant (Freelance)

BOUNCE BACK ARTS based in the south west.

January 2009 to present day

Developed through 15 years of working exclusively in aesthetic enhancement of public spaces, my in-depth knowledge and expertise informs and drives all of Bounce Back Arts' work. I am considered one of the leading public art experts in the south west of England.

Specialist in the commissioning of high-calibre artists and creative studios, experienced in creating work for the public realm. The focus of my work is on engagement with local communities and facilitation of multi-disciplinary design teams towards enhancement of 'place'. In this role, I have delivered 18 major public art and design commissions throughout the south west via a process of partnership-building, fund-raising, community consultation, brief creation, artists' recruitment, project management and evaluation. I am regularly contracted to provide guidance and advocacy towards the implementation of high quality, contemporary design and artwork in public spaces and have delivered lectures, seminars and training on this field. My delivery work has often been based upon my preparatory work, in development of commissioning plans and communication & spatial strategies for a number of clients.

For the first six years of this freelance work, I worked part-time as a consultant to allow for other work commitments (see below). Since March 2015, I have operated full-time as a freelancer - having framed my expertise within the company set-up of Bounce Back Arts - and have been engaged in delivering the services described above. I have delivered 5 commissions as Bounce Back Arts. Across my freelance work, my clients have included Weymouth and Portland Borough Council; Dorset Councils Partnership; Dorset County Council; Dorset Coast Forum; Poole Housing Partnership; Borough of Poole; Bournemouth, Christchurch and Poole Council; Cheltenham Borough Council; Bournemouth Borough Council; Weymouth Civic Society (Nothe Fort); Wave Arts Education Agency; Arts University Bournemouth; Weymouth College; New Look Retailers; Jones Laing LaSalle and; THAT Group Developers.
